Dear Friends,

On behalf of the West Windsor Little League may I thank you for all your support during this our 17th season.

Much has been accomplished since our last, 15th anniversary yearbook.

Our second field — with dugouts, bleachers, and a large protective chain-link fence — has been completed. Permanent rest rooms have been added, along with new scoreboards.

Our West Windsor Little League has grown tremendously. Over 230 boys boys are active. The farm system has been improved. We now have seven minor and three pony league teams in uniform.

The Auxiliary, under the leadership of their president Florence Wasco, deserve special recognition for their outstanding effort. Along with the refreshment stand and candy sale, they also sponsor a pancake breakfast, which has now become an annual event.

We are fortunate to have several new sponsors join us this year. They are: Hamilton Supply Company, Lucar Hardware, McLean Engineering, Nassau Savings and Loan, Nemes-Excavation, and the West Windsor Patrolmen's Benevolent Association 130. We welcome them and thank them for their support.

Little League is a community effort. I have had the opportunity to visit and observe other Leagues in action, as well as attend meetings with their officers. Without question, because of the responsiveness of our community, we have one of the finest Little Leagues. Again, thank you, to everyone who has helped make the West Windsor League a success.

Tony Manna
President. W. W. L. L.

WEST WINDSOR & PLAINSBORO'S
BEST SOURCE OF COMMUNITY INFORMATION

LITTLE LEAGUE IN WEST WINDSOR . . .

■ To be eligible for Little League, a boy must reach his ninth birthday by July 31 of the year in which he wants to play. He is no longer eligible if he reaches his 13th birthday by July 31. Annual try-outs are held in early April. Each team has 15 registered boys.

The West Windsor Little League started in 1956. That year a group organized a team to compete with an All-Star contingent from Plainsboro.

With the support of the West Windsor Lions Club, a team was formed. Uniforms were obtained. Organized baseball had officially begun.

In February, 1957, the National Headquarters in Williamsport, Pa. granted a Little League franchise

to West Windsor. Work began immediately to convert a field for official play. (This first field was located just north of the Alexander Road railroad overpass where Bohren's warehouse is now located.) Work progressed rapidly and, on Memorial Day, 1957, the West Windsor Little League, consisting of approximately 50 boys was underway.

Rapid growth of the community soon made it apparent that larger and more complete facilities would be needed. In 1962, the League purchased 13 acres of land on North Post Road. This land was soon transformed into one of the finest Little League facilities in the Central Jersey area. The field is complete with dugouts, a public address system, bleachers, a clubhouse, pressbox, rest rooms, concession stand, and even dugout telephones.

In 1971, a second field was prepared and now some 275 boys participate in major league, minor league, and pony league games. Bleachers were erected, dugouts completed, and an outfield fence erected this year for this second field.

With continued growth in West Windsor, a third field will soon be needed. Preliminary plans for its construction are being made.
